cemetery with its new dead and its old. Rain dripped through the oak leaves onto the bodies.

### GIRL WITNESS SLEEPS

Dorothy Quinlan, of San Francisco, companion of Valento, a witness to the killing of the three peace officers, and held as a witness in the jail, slept through the latest chapter of the drama. A reporter woke her after it was over.

Sheriff Boyes was told by members of the mob that it was friendly to him, wished to do him no harm, and in fact sought to make such an example of the prisoners that no one ever would treat Boyes, as Petray had been treated.

Only five minutes was consumed by the mob at the jail. Fifteen more at the most and the men had been hanged. Within half an hour the mob disappeared into the darkness whence it came.

### NONE IS IDENTIFIED

Officials said none had been identified. Petaluma and other adjacent towns later reported that a series of automobiles had passed through in the direction of Santa Rosa before the lynching.

Boyes early in last evening received a telephone message to the effect he had "better be at the cemetery at half past twelve as something was going to happen."

Boyes said he thought it was a hoax or ruse and so went to his offices in the jail building and called four deputies there. He tried to call others later, but discovered the telephone wires had been cut. Then the masked men entered.

**DANCE IN PROGRESS.**  
Only two blocks from the jail a dance attended by four or five hundred persons was in progress at the Masonic temple. It and other social gatherings were not interrupted. As the automobiles of the mob moved toward the cemetery the merry-makers were just breaking up their evening's entertainment. The death machines moved through the street unmolested.

Coroner Frank H. Phillips of Petaluma was notified of the lynching. Before 2 o'clock he arrived at the scene with Deputy Frank Wolt and cut down the bodies. These were removed to the morgue.

**ROPE FOR SOUVENIRS.**  
Sheriff Boyes had arrived earlier. The crowd about the corpses pleaded with him to let the bodies hang. He

was forced, he said, to await the coroner. At the same time some in the crowd pleaded to be given bits of the ropes "as souvenirs."

There was no sympathy expressed for the gangsters by any one in Santa Rosa. Sheriff Petray was one of the best liked officers ever to serve the county. All the men hanged had prison records in this state and Effis also in Washington.

Last Sunday afternoon and night, after the three first were arrested, hundreds of persons surrounded the jail and cried for the death of the three. Several attempts were made then to storm the jail. One was broken up by officers and another failed when the widow of the slain sheriff appealed to friends not to countenance mob violence.

## Much Talk of Will Hays for Next Cabinet

tant conference in Indianapolis. At 11:30 p. m. he will adjourn the conference to meet at two the following afternoon. Then he will take the midnight train to Chicago, keep an engagement with someone, breakfast, take the five hour train back to Indianapolis, and resume the conference as per schedule. He will call you up on the long distance telephone at such extraordinary hours that many folks doubt whether he ever sleeps at all. He will keep an engagement at Portland, Maine, on Monday in New York on Tuesday, in Chicago on Wednesday, and so on across the continent—all the time keeping a stenographer busy on the train and making innumerable engagements by long distance and telephone.

"It has not only made a new man of me but I have actually gained thirty-five pounds in weight and feel as well as I ever did in my life. I am telling all of my friends about Tanlac but they can see for themselves what it has done in my case."

"When I began taking Tanlac I was in an awfully run-down condition. I was away off in weight, felt weak and nervous all of the time and couldn't take any interest in my work or any-

## U. S. WILL MAKE SURVEY OF IDLE

Department of Labor Will  
Count Unemployed in 65  
Industry Centers

WASHINGTON, Dec. 10.—An inquiry to determine the extent of unemployment in sixty-five principal industrial cities of the country was announced Thursday by the department of labor. Decision to this effect was made public after Secretary Wilson had conferred with nine regional directors who have been appointed to conduct a survey of conditions in cooperation with the present field force of the United States employment service and with other state and federal agencies.

**INSPECT LARGER GROUPS.**  
The industrial classification of the census bureau will be utilized in making the survey which will take into consideration only industrial concerns with a minimum of 500 employees. The first results are expected to be ready for announcement by January 15, and it is the intention subsequently to issue unemployment statistics bi-weekly.

Officials would make no estimate today of the country's idle workers, although they expressed the opinion that the trend toward unemployment on a large scale has been marked during the last few months. Recently it was said, the employment service has been placing from 15,000 to 50,000 persons in positions every month.

**DENVER SURVEYS UTAH.**  
Among the regional directors and their divisions for the purposes of the survey, as announced were:  
E. F. Fader, West North Central district; headquarters, St. Louis; States of Minnesota, Iowa, Missouri, North Dakota, South Dakota, Nebraska, and Kansas.

R. L. Russell, West South Central district; headquarters New Orleans; States of Arkansas, Louisiana, Oklahoma and Texas.  
G. M. Coe, Mountain district; Headquarters Denver; States of Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah and Nevada.  
E. H. Aldworth, Pacific district; Headquarters San Francisco; States of Washington, Oregon, California.

**FRESNO RAIDS HOBOES.**  
FRESNO, Cal., Dec. 10.—Five arrests on a charge of vagrancy were made by the Fresno police.  
At that hour the total number of prisoners in the jail was 118. The jail record showed forty-six of these 118 were charged with vagrancy, four of the fifty having been released last night. Twenty states were "represented" by twenty-nine of the forty-six; eleven came from Mexico, the rest from Europe. All were arrested in so-called hobo camps on the outskirts of the city by order of the chief of police.

**PUBLIC BUILDING URGED.**  
JACKSON, Mich., Dec. 10.—Half of the unemployed in Michigan, estimated to number nearly 200,000 are "in actual need of work to avert suffering," was the conclusion reached at a meeting of managers and secretaries of manufacturers' and employers' associations of a dozen industrial cities of the state.  
Resolutions were adopted calling upon the governor and mayors to at once start work on contemplated public improvements in an effort to furnish relief, and urging anticipated reduction in material costs.

## AUTO LIGHTING SYSTEM FACTORY CLOSING DOWN

TOLEDO, Ohio, Dec. 10.—Suspension of work at the plant of the Auto-lite company, a subsidiary of the Willys-Overland company on December 15, was announced today by President C. C. Minninger. About 450 men and women engaged in the production of lighting systems for automobiles will be thrown out of employment, the announcement said.  
It is planned to re-open early next year, Mr. Minninger said.

## RENO YOUTH REVEALS WORKINGS OF RUM PLOT

SAN FRANCISCO, Cal., Dec. 10.—Fred Anderson, a Reno youth, was ordered by Harry Brodsky, broker, to throw into San Francisco bay the covers of a little account book alleged to have been taken from the body of Lorenz Handley, former state prohibition enforcement officer, Anderson testified in Brodsky's trial here Thursday on a charge of conspiring to violate the Volstead enforcement act. He obeyed the order he said.  
Brodsky's request came after the broker had promised to "set him up in the liquor business and obtain for him all necessary permits and withdrawals, Anderson testified.

wisdom of the founder in arranging for a continuing system. If there were but one such prize or if this were to be the last I could not, of course, accept it. For mankind has not yet been rid of the menace and horror of war. I am convinced that our generation despite its shortcomings made notable progress. But it is the better part of wisdom to consider our work as only begun. It will be a continuing labor. In the indefinite course of years before us there will be abundant opportunity for others to distinguish themselves in the crusade against hate and fear and war.

### PECULIAR FITNESS

"There is indeed a peculiar fitness in the grouping of these Nobel awards. The cause of peace and the cause of truth are of one family. Even as those who love science and devote their lives to physics or chemistry, even as those who would create new and higher ideals for mankind in literature, even so with those who love peace there is no limit set. Whatever has been accomplished in the past is petty compared to the glory and promise for the future."
